

EVANSTON NEWS

EVANSTON, Wyo., Sept. 30.—Jesse Hatten, real estate dealer of Evanston, went into the postoffice Wednesday to buy a money order. He left his purse containing \$40 in money, lodge receipts and other papers on the table where he was writing and walked off without it. He discovered his loss a few minutes later but when he returned the purse was gone. He reported the loss to the sheriff but so far the missing pocket book has not been found.

C. E. Fuller of Omaha, superintendent of motive power and machinery for the Union Pacific, is spending a few days in Evanston.

O. K. Wood of Denver, Union Pacific road foreman of engines, is here for a time on railroad affairs.

Charles Dickerson of Cheyenne, a former Evanston man, is stopping at the Waldemar hotel.

Mr. and Mrs. Ray Durand motor to Park City and other Utah points the fore part of the week. They will be away about 10 days.

Lloyd Goodman and Henry Miles are leaving for Denver Monday.

J. M. Snyder, candidate for state treasurer of Wyoming, is in the city.

A. L. Putnam of Cheyenne is here for a few days on business for the state.

Harriet Stahley has as her guests her mother, Mrs. W. H. Lee of Woods Cross, Utah, and her sister, Mrs. C. W. Pamp of Omaha.

Mr. and Mrs. C. C. Smith and children motored to Green River Sunday.

Mrs. Harriet Stahley and Miss Hilda Spencer gave a miscellaneous shower for Miss Carmie Spencer, an October bride, Thursday evening at the home of J. F. Spencer, Sage street.

The house was gay with red roses. For entertainment the guests were required to create costumes for brides and grooms. Miss Myrtle Johnson won the prize for the best bride's costume and Miss Margaret Duncomb the best groom's outfit.

The evening was concluded with a daintily appointed three course luncheon. The guests were Mesdames Ed Spencer, W. H. Lee, C. W. Pamp, Robert McKinnon, A. E. Davis, Justin J. Smith, Ida Mills and the Misses Margaret Duncomb, Edith Thomas, Bertha Gerrard, Naomi Whittle, Sara Danks, Hilda Oille, Pete and Frankie Spencer, Harriet Stahley and Carmie Spencer.

Mrs. Wm. Shelver of Green River, Wyo., is a guest at the home of Mr. and Mrs. Carl Shelver.

Mrs. Charles Rhine entertained 15 friends at a "500" party Friday afternoon. Mrs. Shad Morgan won the prize for high score and Mrs. C. C. Smith the consolation prize. A dainty lunch was served after the card games.

Messrs. Cameron, C. C. Smith, Sam Blackham and W. H. Bally returned Thursday from a hunting trip in Henry's Fork basin. They found game plentiful.

BRITISH LAND
LARGE FORCES
OF INFANTRY

(Continued from Page One.)

000 refugees. Thirty thousand more are expected today.

A wireless message from Commander Halsey Powell of the American destroyer Edsall at Smyrna says:

"Americans evacuated 31,000 (refugees) today. Total for two days 74,000. Between 10,000 and 50,000 are in the immediate vicinity. Expect more ships tomorrow."

Messages from Rodosto say the Greek troops there number 10,000, that they are undisciplined and that the population is in consternation at the prospect of a Turkish invasion.

Fifty thousand refugees have been removed to the interior villages, but 25,000 remain. They face a grave shortage, coupled with an outbreak of typhoid fever owing to the polluted water supply.

CONDITIONS TERRIBLE

Thousands have left the city for Kavala and Saloniki. Two hospitals have been opened in Rodosto, but the meagre accommodations are insufficient and there is a pressing need for medicines.

At Saloniki the conditions are horrible. The city is in a state of chaos. The great fire in 1918 and affords little more shelter than Smyrna. The local Greek administration confesses its inability to cope with the tremendous problem presented by the presence of more than 100,000 refugees.

Additional refugees are arriving here daily from Smyrna, the steamships Ditch, Manhattan Island and Casey bringing in a total of 15,000 in the last two days. American relief workers are vying with British officers and civilians in assisting to restore calm and alleviating the misery of the refugees.

MONEY INADEQUATE

The American relief officials fear that the \$200,000 appropriated by congress and the \$50,000 pounds provided by Great Britain will be wholly inadequate to feed the refugees and re-establish them in homes.

The announcement that the American navy department is sending a squadron of 12 destroyers to reinforce the eight destroyers now in the Near East was the most welcome news received by the Americans here since the beginning of the present anxious situation.

The warships will not only provide additional protection for American citizens and property but will enable Rear Admiral Bristol to man ships for longer periods at Rodosto, the islands of Mitylene and other refugee centers, and to establish better communications.

Hot springs are throughout Iceland.

An Independent Income

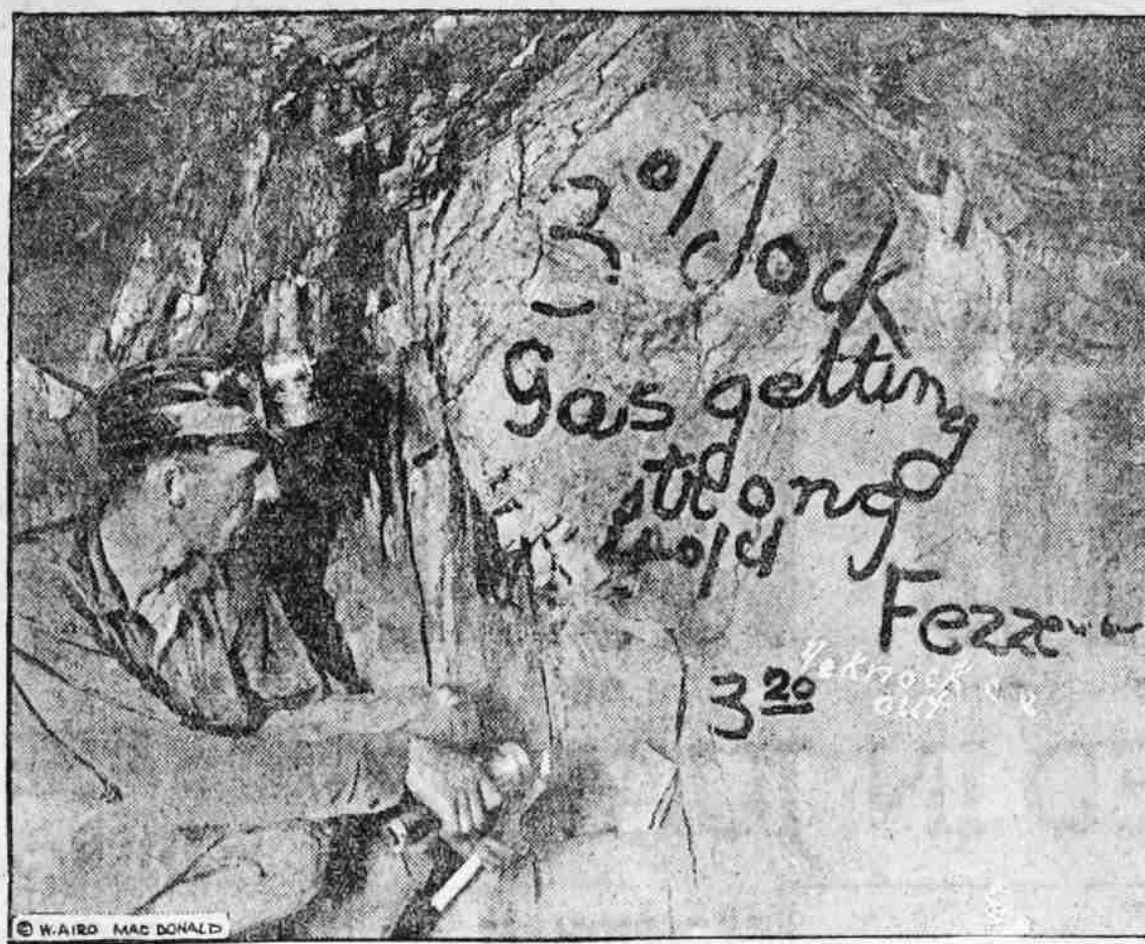

There is no royal road to wealth. We know of no method that will make you rich quickly. But if you are willing to save regularly a fair proportion of your income and invest it conservatively you can be perfectly sure that eventually you will possess a sizable independent income. It is difficult to begin to save because of the tendency to procrastinate. But if you once get the habit you will never lose it.

Save systematically, invest conservatively and thereby insure your future.

We shall be glad to advise you concerning your investments.

STOP PICKETING AT
POCATELLO SHOPS

POCATELLO, Ida., Sept. 30.—All picketing at the local railroad shops was discontinued here Monday when the temporary injunction restraining the striking shopmen of the Oregon Short Line railroad from interfering in any way with the railroads, was issued to this district by Federal Judge F. S. Dietrich.

The petition, as presented by the attorneys of the railroad company here at the hearing, was accompanied by diverse affidavits purporting to cite acts of violence and hindrance on the part of the strikers.

A \$25,000 bond as required by law has been deposited by the Oregon Short Line railroad with the clerk of the United States district court.

Although the new order does not include the word "permanent," it perhaps has the same effect, since the injunction is in effect till the date of trial and the case will probably never be tried, in the opinion of many.

CUT THIS OUT—IT IS WORTH MONEY.

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2325 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills for pains in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thorough cleansing cathartic for constipation, biliousness, headaches, and sluggish bowels.—Advertisement.

OLD TIMERS SEE PHONE WONDERS

Salt Lake Included in San Francisco-Havana Conversation.

CLEVELAND, Ohio, Sept. 30.—(By the Associated Press.)—Members of the Telephone Pioneers of America and an audience of 13,000 persons witnessed a demonstration of the wonders of modern telephony at Friday's session of the ninth annual convention of the pioneers held in the new public hall here.

More than 2000 persons from all parts of the country who have had more than 25 years' continuing experience in telephone work are attending the convention.

General John J. Carty of New York, president of the Pioneers, presided, and carried on telephonic conversations with Havana, Cuba, on one end of a telephone "set-up" and San Francisco on the other, with a score of intermediate cities throughout the United States answering a roll call.

BAKER SPEAKS

Previous to the demonstration of the development of modern telephony, General Carty delivered an address and Newton D. Baker, former secretary of war, paid a tribute to the late Alexander Graham Bell, the inventor of the telephone, and to General Carty's work in charge of the American army's communication service in France during the war.

On a huge map of the United States set up on the stage, tiny electric lights flashed as the different cities throughout the country answered General Carty's calling of their names.

Clinging with Cleveland, who answered "here," General Carty received responses to the roll call from Denver, Ohio; Chicago, Davenport, Iowa, Omaha and North Platte, Neb.; Denver, Salt Lake, Sacramento and San Francisco in the order named.

At San Francisco, Mr. Bates of that office carried on a conversation with General Carty which was distinctly heard through an amplifier by the thousands in the great hall and all of the cities answering the roll call.

AUDIENCE LISTENS IN

Havana said they distinctly heard the applause of the Cleveland audience and Mr. Bates at San Francisco said he heard Havana clearly. Mr. Caldwell at Havana, General Carty at Cleveland and Mr. Bates at San Francisco then carried on an extensive conversation, the two distant cities being plainly heard by the local audience.

Mr. Caldwell and Mr. Bates then sent greetings from Cuba and California, respectively, to the assembled pioneers and the audience.

Speaking from San Francisco, Mr. Bates gave Mr. Caldwell, in Havana, the recipe for making a mint julep.

Mr. Bates' daughter in San Francisco then played a violin solo and Havana followed with a Chinese phonograph record, both cities saying they heard the other's musical selection perfectly.

The demonstration closed with "Good night, General Carty," from each city that had answered the roll call and taps from San Francisco.

UTAH-IDAHO SUGAR PAYS FINAL NOTE

SALT LAKE, Sept. 30.—In a stronger position financially than at any time since 1919, the Utah-Idaho Sugar company yesterday took up the last of its notes payable and announced the cancellation of the creditors' agreement entered into about 18 months ago to avert receivership. It will enter, it is announced, the 1922 beet-grinding season free from floating indebtedness. The company has advanced about \$3,000,000 toward the production of the best crop for the current year.

ADDRESSES ROTARIANS

BRIGHAM, Sept. 30.—Superintendent C. H. Skidmore of the Box Elder county schools was the principal speaker at the weekly luncheon of the Rotary club, held at the club rooms Friday at noon. Superintendent Skidmore gave an interesting account of his experience while attending summer school at the Columbia university this summer, and entered into a broad discussion of the general principles of modern education. A quartet composed of Messrs. John W. Peters, W. V. Call, Lorenzo Bott and P. Russell Wright sang.

More strikes occur in May than in any other month during the year, according to statistics compiled for the years 1916 to 1921.

JURY ACCUSES POTTERY FIRMS

Plumbing Material Makers in Sales and Price Combine, Charge.

NEW YORK, Sept. 30.—An indictment against approximately 85 per cent of the corporations, firms and individuals engaged in producing sanitary pottery in this country was made public Friday by William Hayward, United States attorney for the southern district of New York. The indictment names 23 companies and 24 individuals.

The firms and individuals named are engaged principally in the manufacture of porcelain and earthenware fixtures for bathrooms in apartment houses, both in New York and other cities. Several of the indicted firms also manufacture bathtubs and similar accessories.

UNDER TWO CHARGES

The indictment is in two counts. The first accuses the defendants of having been engaged in a price-fixing combination. The second charges that the defendants have unlawfully restricted and confined sales of their merchandise to a special selected group of so-called "legitimate" jobbers.

The price fixing count alleges that since the defendants manufacture and sell upwards of 85 per cent of all the sanitary pottery produced in the United States, they have been able, by concerted action, to exact uniform arbitrary and non-competitive prices.

As to the second count, Mr. Hayward said the defendants had a rule whereby members of the group were barred from selling their merchandise directly to the builder, the architect or the contractor. The manufacturer, according to Hayward, confined his sales to the so-called legitimate jobber, who, in turn, would confine his sales to "legitimate plumbers." The jobber and the plumber in each case, he said, would dictate his own prices without fear of competition.

LIST OF INDICTED

The companies indicted are as follows: Abington Sanitary Manufacturing company, Abington, Ill.; Acme Sanitary Pottery company, Trenton, N. J.; B. O. T. Manufacturing company, Trenton, N. J.; Bowers Pottery company, Nannington, W. Va.; Camden Pottery company, Camden, N. J.; Chicago Pottery company, Chicago, Ill.; Cochran-Druggan & Co., Trenton, N. J.; Eljer company, Camden, W. Va.; and Ford City, Pa.; Kalamazoo Sanitary Manufacturing company, Kalamazoo, Mich.; Kokomo Sanitary Pottery company, Kokomo, Ind.; Keystone Pottery company, Trenton, N. J.; Lambertville Pottery company, Lambertville, N. J.; John Maddock and company, Trenton, N. J.; Thomas Maddocks & Sons' company, Trenton, N. J.; National Helfrich Pottery company, Evansville, Ind.; Pacific Sanitary Manufacturing company, Richmond, Cal.; Resolute Pottery company, Trenton, N. J.; Sanitary Manufacturing company, Kokomo, Ind.; and Tiffin, O.; the Trenton Pottery company, Trenton, N. J.; Universal Sanitary Manufacturing company, Newcastle, Pa.; Wheeling Sanitary Manufacturing company, Wheeling, W. Va.; and the Horton Pottery company, Chillicothe, Ohio.

SEEK BIDS ON NEW ROAD TO CORINNE

SALT LAKE, Sept. 30.—Authorization was given yesterday by the state road commission for the advertisement of federal aid project No. 38, extending a paved highway from Brigham City to Corinne, a distance of 4.5 miles.

Bids on but two types of hard surfacing will be asked on this project, though it has been customary in the past to advertise for three types. The types are a seven and one-half inch cement concrete and a six inch Portland cement concrete with a two inch bituminous surface. No bids will be received for bituminous concrete. Sealed proposals are to be presented at 2 o'clock the afternoon of Wednesday, October 4.

The plans and specifications for the project were forwarded from the Ogden office to the state road commission yesterday morning and as a result the advertisement on but two types bears the approval of the bureau of public roads.

This project is probably one of the first hard surfaced roads which will have been built with federal aid in Utah on which the three types have not been advertised. No reason has been assigned by the state road commission for the change in precedent.

The project cost, estimated at about \$140,000, is to be borne by the federal government and the county on a basis of 74-26.

LOVER WOUNDS GIRL AND KILLS HIMSELF

NEW YORK, Sept. 30.—Driven to desperation by her continued refusal of his offers of marriage, Murray Levinson, Friday shot and seriously wounded Nina Dignum, chorus girl, and then killed himself. The shooting occurred in the girl's Eighth avenue apartment.

Miss Dignum, who was a dancer at the Moulin Rouge, shared the apartment with a married sister, known on the stage as Hazel Clarke. Both were said to have come from Texas.

Levinson telephoned Miss Dignum shortly after noon and a few minutes later arrived at the apartment. Two shots were heard and Miss Dignum ran from the apartment screaming for help, with wounds in her neck and chin.

While neighbors tried to aid her, two more shots followed, and Levinson was found dead on the dining room floor.

ELKS SEND PROTEST TO SALVATION ARMY

NEW YORK, Sept. 30.—J. Edgar Masters, grand exalted ruler of the Benevolent and Protective Order of Elks, Friday sent a cablegram to General Bramwell Booth, head of the Salvation Army at headquarters in London, condemning in the strongest terms the order of Elks who stood solidly back of Miss Booth in your army's dark hours and claims the right to protest her removal from America, where she has become an institution as well as an angelic personification of all that the Salvation Army means here.

The removal is enforced," the cablegram says, "your action will greatly offend the intelligence of our more than 800,000 members, as it will, I am sure, every friend of the Salvation Army in the United States. The order of Elks has stood solidly back of Miss Booth in your army's dark hours and claims the right to protest her removal from America, where she has become an institution as well as an angelic personification of all that the Salvation Army means here."

FRENCH WHEAT CROP SMALLER THIS YEAR

PARIS, Sept. 30.—(By the Associated Press.)—France's wheat crop for 1922 is more than one-fourth short of last year's production and nearly one-third under the customary annual requirements, according to statistics prepared by the ministry of agriculture and published today.

The rye crop also is insufficient but oats and barley are more abundant than last year.

Wheat yield is estimated at 64,000,000 quintals, as compared with 88,000,000 last year, and the country's normal requirements of 94,000,000. This is due to a reduction of 600,000 acres in the area planted, the small yield per acre and bad weather.

Remedial measures already taken include a decree compelling the millers to utilize a larger percentage of wheat grain in flour and preliminary purchases abroad amounting to 7,000,000 quintals. These were bought in the United States and Canada at less than the prices prevailing here.

SAYS REPUBLICANS HAVE GOOD START

SALT LAKE, Sept. 30.—E. O. Leatherwood, congressman from the Second district of Utah, speaking last night at an organization meeting of Republican workers of Salt Lake county, praised the achievements of the Republican administration. "Not in the 21 years that I have been in politics," said the speaker, "have we had such a good start as now. Never before could every man and woman in the Republican party so well look the world in the face as now."

"We are confronted with the opposition without a constructive idea," said Mr. Leatherwood. "All they can say is that this is a Democratic year and ask why we Republicans haven't paid off all of their bad debts. I hope you haven't been disturbed by certain parts of the press. Some things have gone out in magazines and papers which were misleading."

Carl R. Marcussen, chairman of the state committee, talked on organization. He declared that the result of the election in November would depend on what the district chairman did between now and then.

THEATRES

Dorothy Dalton in "The Siren Call" at the Alhambra Tomorrow.

A brilliant play of the far north is promised by Manager Skinner of the Alhambra theatre, beginning tomorrow in Irvin Willat's production for Paramount, "The Siren Call," by J. E. Nash, which presents Dorothy Dalton as the leading player with a strong cast. The cast includes several players who have already established themselves in roles of similar type. Miss Dalton gave an unforgettable characterization in "The Flame of the Yukon," which will be recalled by most filmgoers.

There is Mitchell Lewis, rushing into the scene with his dog team—typical adventurer of the white silences. He will be remembered for his work in "The Barrier," "The God of the Yukon" and other Alaskan pictures. Also he appeared not long ago in Betty Compson's Paramount picture, "At the End of the World."

David Powell plays the leading male role, that of a young miner. Powell, so to speak, escaped from "Her Glided Cage" in time to answer "The Siren Call," having just completed the leading male role in the former picture, a Sam Wood production starring Gloria Swanson.

Leigh Wyant, who played an important part in William deMille's "Bought and Paid For," Edward J. Brady, Will R. Walling, Lucien Littlefield and Guy Oliver are also included. The scenario of this production was prepared by the author and Philip Hurn. It is said that the picture is vibrant with drama and real heart appeal.

SIGNS REQUISITION FOR ACCUSED M. D.

SALT LAKE, Sept. 30.—Requisition papers were signed by Governor Charles R. Mabey Friday for the return here from California of a man charged with the investigation of a manipulation of notes and certificates of deposit in Los Angeles.

During the investigation H. C. Stagg and Frank Thompson were arrested, charged with obtaining money under false pretensions through such manipulation. It was asserted by the district attorney's office they paid for merchandise with a draft on a bank at Clarita, Okla., which was returned as worthless. Stagg had operated in Los Angeles as an oil promoter. Thompson was an assistant in his office. Both are in jail, in default of \$10,000 bail.

HAM AND EGGS OFF MENU OF CITY JAIL

FRANKLIN, Pa., Sept. 30.—Ham and eggs was scratched today from the menu for prisoners in the city lockup.

Bread and coffee was substituted. "Too many buns," explained Chief of Police J. E. Connell.

The chief of police said that the straw that fractured the camel's spine was the demand of a vagrant for French fried potatoes on the side.

First patent for the air-brake was taken out by George Westinghouse in 1872.

CONSTANCE TALMADGE

The Primitive Lover

A FIRST NATIONAL ATTRACTION

Also a delightful musical program on our new Robert Morton Organ. Matinee, 10c, 25c. Nights 10c, 30c. Shows at 1:00, 3:00, 5:00, 7:00 and 9:00 P. M.

Constance Talmadge in Her Newest Picture at the Orpheum Sunday.

Connie Talmadge will play the Orpheum theatre tomorrow after a long absence from the city. In her latest screen comedy drama, "The Primitive Lover," in this picture Miss Talmadge does the best work of her career and has a wonderful cast of players in support, such as Harrison Ford and Kenneth Harlan, etc. The picture was filmed in the mountains and the story is from the pen of Edgar Selwin.

A special musical program by the Orpheum orchestra and Mr. Vincent on the big Robert-Morton organ will accompany the feature.

FIVE INDICTED IN COAST FRAUD CASE

LOS ANGELES, Sept. 30.—Five secret indictments were returned by the Los Angeles county grand jury
